

INDIA MISSIONS - ANDHRA PRADESH & TELANGANA

It was my privilege again to be ministering in the States of Telangana and Andhra Pradesh, India. I thank the Lord for the friendship and the bond that has been established over the years with Pastor Andanam Sudhakar of Jesus Grace Ministries in Nandyal, Andhra Pradesh and also Pastors of various churches in Hyderabad, Telangana. The purpose of the visit was to encourage and strengthen pastors and leaders and 'Fan The Flame' in the churches to ignite the flame of the Holy Spirit. I thank the Lord for His Anointing, Empowering and Enabling to fulfil the call and the task laid before me.

During the day sessions, I was able to gather the pastors and leaders to pour out my heart to them, just to encourage and strengthen them with a cup of cold water of the Living Word of the Lord. Just as the Lord said to Moses in Numbers 21 v 16,..."gather my people together and I will give them fresh water." These beloved pastors serve the Lord in some of the most challenging and difficult areas, in some of the poorest parts of the state. It was an absolute honour for me to build them up in their faith and send them back to serve the Lord faithfully in their respective parts of the vineyard.

It was so amazing to see so many souls hungry for a fresh touch of the Lord during our nightly revival services. People are just so desperate to have the intervention of the Lord in their lives. Just like blind Bartimaeus in the gospel of Mark 10 v 46, desperately calling upon the Lord to touch him and heal him of his blindness. Most of the people that I ministered to are daily wage labourers, earning only four dollars for an eight-hour workday. I laid hands on so many souls to receive the baptism and the fresh infilling of the Holy Spirit, so that they would be revived and refreshed of the Lord. Also prayed for so many to receive their healings from various sicknesses and diseases, to be delivered and set free from the oppression of the enemy and prayed for the intervention of the Lord for the many struggles of their lives. It was so awesome to see the Lord manifesting His power and glory right in our midst in a powerful way. I thank the Holy Spirit for always going with me and before me and doing His work which He always intends to do through me.
