FAN THE FLAME - SRI LANKA

Jesus said, .."if anyone thirsts, come! Come and drink the water of life freely..." Revelation 22:17

There is such a great hunger and thirst amongst the saints of God in Sri Lanka for a move of the Holy Spirit to sweep across their land. There is a genuine cry to the Lord to heal their land of years of turmoil, heartaches and sorrow. Despite of the very difficult situations and challenges the church is rising up in believing prayer for its people.

REVIVAL MEETINGS

Praise the Lord! That I was able to be part of what God is doing in Sri Lanka.

THE GATHERING OF PASTORS & LEADERS

The Lord enabled me to minister and pray with the people of God.

MINISTRY OF THE WORD

Strengthening the church with the word of the Lord.

HEALING

Please pray for healing for Sri Lanka as they are still recovering from that horrible war

REVIVAL

The land desperately needs a genuine move of the Holy Spirit to sweep across the land

TEACHING

That the church will grow deeper with the Lord through the Ministry of His Word

Sri Lanka - A Pearl in the Indian Ocean

Jesus said, "The harvest is truly plentiful but the labourers few...." Matt 9:37

The country of Sri Lanka is going through an economic crisis almost to a point of bankruptcy. This is the result of corrupt politicians using their positions for their own gain and being caught in the Chinese debt trap, which has brought the country to its knees. The ordinary people are suffering greatly whereas the inflation rate has reached a hundred percent.

Jesus said, "Pray for labourers in the harvest field...." Matt 9:38

Also, the country is still healing from the wounds caused by the horrific civil war between the rebels and the Sri Lankan army, where over one hundred thousand innocent people lost their lives. Most of them are dealing with the hurts and sorrows of the past, just trying to survive. The country is steeped in Buddhism, Hinduism, Islam and the Occult. But praise be to the Lord that there is a Church in Sri Lanka which is desperately seeking the face of the Lord in prayer and fasting - and preaching the Gospel to the corners of their nation.

"Encouraging, Strengthening Pastors and Leaders in Ministry."

Praise the Lord for such an amazing group of leaders in Sri Lanka. God opened this door where I was able to connect with them and minister in a small way, encouraging them through fellowship and the ministry of the word. These saints do an amazing work and go through very difficult trials and challenges and yet serve the Lord with a smile on their faces and with cheerful hearts. It was my privilege indeed to give them just a cup of cold water of refreshment and to edify and strengthen them to continue in their journey with God and serve Him faithfully.

MINISTERING TO THE CHILDREN OF SRI LANKA.

These precious souls come from the poorest of families in the rural part of Sri Lanka. Their parents work as day labourers earning a very minimal wage not nearly enough to feed their families let alone sending them to school. Some of the children are the descendants of parents who suffered in that horrible war in Sri Lanka, many are abused in ways we couldn't imagine and as a result suffer emotional and psychological challenges at such a tender and delicate age. The leaders of this particular organisation that I have partnered with provide care for over 3,000 children, both spiritually and physically helping them and taking care of them in a very special way.
